Frameworks/Tools: React/React Redux, Bootstrap, MongoDB, Node.js, Postman, Git/GitHub, Figma
Interpersonal: Analytical Reasoning, Collaboration, Communication, Critical Thinking, Customer Service

WORK AND EXTERNSIP EXPERIENCE

AT&T, *Summer Learning Academy Extern,* Remote   **June 2020 – July 2020**
- Acquired business and technical acumen along with personal growth and professional development across 80 hours of self-paced online learning lessons and activities over 4 weeks.
- Completed entry-level training in human resources, finance, advertising, media and technology, communication, and leadership.
- Gained insights and advice on business, leadership, and career from business executives and recognized experts.
- Networked with students and AT&T employees and participated in Q&As with nationally renowned speakers.

Chipotle Mexican Grill, *Crew Member,* Newport Beach, CA   **July 2019 – May 2020**
- Collaborated with crew members to complete efficient work and maximize customer throughput.
- Maximized productivity by keeping detailed records of daily progress and identifying and rectifying areas for improvement.
- Prepared and cooked food orders for customers by noting customizations and portion sizes.
- Adhered to company safety standards, including "Food Safety Seven" procedures.

PROJECTS

Hieu Clothing Website (production build coming soon**)**   **November 2020 – Present**
- Developing a full stack clothing store web app with MongoDB Atlas, Express.js, React, and Node.js.
- Managing document schemas with MongoDB Compass and testing API requests with Postman.
- Implementing React Redux for user, product, and cart state management.
- Designed 6 high-fidelity interactive web page prototypes using Figma.

"EUCALC" (https://bit.ly/3jqXm3Q**)** – *A Chrome Extension Calculator*   **September 2020 – October 2020**
- Designed and developed a responsive front-end calculator web app with Figma, React, and Bootstrap.
- Implemented Node.js and NPM for developing/compiling code and importing Math.js and Numbers.js libraries to handle inputted expressions.
- Utilized Google Chrome's Extension feature to help users evaluate equations, calculate conversions, and perform integer property functions within the comfort of their browser.
